

Do you have increasing discomfort as your bladder fills?

Do you have pain associated with sex? (Yes...men too!)

Do you frequently feel pressure in your pelvis?

**Have you been diagnosed with prostatitis, interstitial cystitis, vulvodynia, or
Pelvic floor dysfunction?**

If you answered “yes” to any of these questions, this seminar will be enlightening.

Pelvic Pain: A Common Dilemma for Women and Men... Pathways to Symptom Relief

Chronic pelvic pain affects an estimated 20 million people in the United States. Many conditions that cause pain are difficult to diagnose and treat. Afflicted patients often move from clinician to clinician, sometimes over the course of years, due to difficulties encountered in making a diagnosis and/or suboptimal results from treatments.

**This 3-hour community-based educational symposium is dedicated to
PELVIC PAIN PATIENTS AND THOSE THAT LOVE THEM.**

Nationally and internationally known experts in the field of pelvic pain from the **Pelvic Pain Treatment Center at the Arthur Smith Institute for Urology** will be presenting a wide range of topics about common conditions that are the cause of pain and new approaches to management. We have incorporated 45 minutes into the program for an extensive question and answer session.

Presenters include **Northwell Health** System specialists, who are leaders and pioneers on Pelvic Pain:

Robert Moldwin, MD, FACS, Director, Pelvic Pain Treatment Center of The Arthur Smith Institute for Urology; Professor, Hofstra-Northwell Health System School of Medicine

Sonia Bahlani, MD, Urogynecologist, Pelvic Pain Specialist, The Arthur Smith Institute for Urology; Assistant Professor, Hofstra-Northwell Health System School of Medicine

Marina Ruzimovsky, MSN, NP-C, Nurse Practitioner/ Pelvic Pain Specialist

Jennifer Fariello, MSN, CRNP, Nurse Practitioner/Pelvic Pain Specialist

Barbara Shorter, Ed.D, RD, CDN, Registered Dietitian; Professor of Nutrition

Nancy Mullins, MS, PT, Physical Therapist, S.T.A.R.S. Sports Therapy Rehabilitation Services

Date: Thursday, September 29, 2016

Time: 6-9pm

Location: Rust Auditorium at North Shore University Hospital, Manhasset

RSVP to Michele Codner: mcodner@northwell.edu
